We work directly with local producers for the ingredients used in our menus. We source our milk directly from 'The Little Big Dairy' near Dubbo. Our bacon comes from Box Gum Grazing near Young. Our eggs come from just over the hill at Majura Valley Eggs. Our fruit and veg comes from our friendly farm direct green grocer Choku Bai Jo. Our bread and pastries are baked fresh daily by our friends at Knead Patisserie.

Red Brick is about bringing together great people with delicious coffee.

We started in 2011, in this sunny Curtin espresso bar that was too small to fit our shiny new roaster.

From the very beginning we've brought the best coffee from around the world to Canberra. Not just because it's delicious, but paying more for our coffee means that every hand involved along the way - from planting, to picking, to packing - gets rewarded too.

We've also been lucky enough to do it with the best people in the business, our staff. The hard work of our wonderful staff is what makes Red Brick hum.

Our milk comes directly from the legends at Little Big Dairy, a family farm on the Macquarie river near Dubbo. It's great milk, they're a lovely family, and best of all, we know exactly where it comes from (nearly to the cow!).

You might also see a few Red Brick bags behind the counter of your other favourite coffee shops. It's been an absolute pleasure to see the energy and excitement our coffee partners have brought to Canberra coffee!

Our roaster has moved to our new headquarters in Fyshwick, but not much else has changed since we started. We're still hard at work and having a great time doing it.

Thanks for supporting us along the way - we couldn't have done it without you!
